### **Business Meeting:**

- Introduction of members and guests.
- **Tom Ayers -**
  - Congratulations to Greg Marty for being elected VP of the Fire Marshalls Association.
    - FMA is looking for education on fire protection products and services
    - Greg mentioned the availability of the fire sprinkler trailer the may be used to increase knowledge and demonstrate the uses and advantages of sprinkler systems.
  - Wanted to meet with the Officials from each jurisdiction in a separate meeting to discuss administrative news and comments that may pertain to only a few of the members attending each meeting. The group could then share a short report from that meeting with the members during the business meeting. In an effort to keep the lunch and learn meetings more “code” related.
  - Discussed the use of spray foam in the band joist section of a residential home. Flame spread and smoke develop indices are required to be maintained for exposed foam plastic material. Possible discussion during future meetings and Code Corner topics.
- **MEC –**
  - Handed out updated forms for pools sign off sheets and made group aware of their process for the inspection of pool locations.
- **Greg Thorpe (ICCA)-**
  - Mentioned the discussion amongst the members of ICCA about moving the organization more towards a Code Officials only organization. Mainly to curb the interests provided

- by some trade or special interest groups and keep the mission of the organization focused on Code Official duties and policies.
- Encouraging the group to define what a Code/Building Official is... I can mean many different things to many different jurisdictions.
  - **QCBR (Julie)-**
    - Things are Good at QCBR! Reminder tickets are available for the June 29<sup>th</sup> River Bandits Game. Contact Holly or Julie at QCBR for FREE Tickets.
  - **Lowes (Denny)-**

    - Is looking forward to the continued support from ILLOWA.
  - **Bob Buck –**
