Education Committee Report: Illinois IAEI Chapter is hosting annual event at Jumer's on May 24th-26th. The class will cover 1 and 2 family dwellings in the 2014 NEC.

Business Meeting:

- Introduction of members and guests.
- **Tom Ayers-**
 - Gave an overview of the meeting had on May 9th about the code adoption committee. The committee is looking at the amendments presented and made by Scott County and will continue from there. There should not be many differences unless mandated by the State.
 - Get an early start next year for BSM, it is a good opportunity for public education of what we do. If anyone needs help just ask.
- **MEC –**
 - The Illinois side will be checking for NESC service clearances again so be ready to see repairs on electrical services with clearance issues.
 - Tom Ayers – If you see a clearance issue out on inspections; please notify MEC so they can get it on their list.
 - Swimming pool season is here, if you need more pool applications they are available.
- **ICCA - Greg Thorpe**
 - Had discussions about FEMA mutual aid agreements. A program set up to help communities during times of need after an emergency event.
 - Explained what happened to bill wanting local jurisdictions to mark condemned houses with a red "X".

- The bill was not passed and ICCA was present to present testimony about how that system would not work and how local jurisdictions currently have procedures in place for these situations.
 - Briefly talked about HB 2439; describing how committee members on a State board cannot gain financially in business from decisions made on that board. An obvious conclusion.
- **IABO –**
 - No Update
- **QCBR –**
 - Resource guide will be available in early June. If you want some at your counter pick some up at QCBR office.
- **Lowes – Denny Newell**
 - Thanks for all the help at the contractor’s appreciation lunch it was a big success again this year.
 - Discussed Illinois SB 9 and how it is proposing a sales tax on home improvement services. We may want to consider it and discuss with local politicians.
- **American Wood Council – James Smith**
 - Discussed his position on the Tall Wall committee for AWC and the testing that is currently taking place with wood structures in a fire situation.
 - Please let him know if there are any code proposal changes for the 2021 Code cycle, as those preliminary discussions are beginning soon.
- **Code Corner –**
 - “Bulk Liquid CO2 Storage” Presented by Fire Marshal Michael Toika
 - This class is approved for ICC Preferred Provider CEU’s

Move to adjourn by Ray Nees; second by Drake Daley; meeting adjourned at 12:32 hours.

Respectfully submitted:

Joe Kuhlenbeck- Secretary
