---

Ray Nees  
President

Tim Delathower  
Vice –President

Joe Kuhlenbeck  
Secretary

Bill Latting  
Treasurer

## Minutes of July 2019 Jumer's- Rock Island, IL

**Call to order:** 12:05 by Ray Nees, President

**Officers Present:** Ray Nees – President, Tim Delathower – Vice President, Joe Kuhlenbeck – Secretary, Bill Latting – Treasurer.

**Members Present:** Awaiting Sign in Sheet

**Secretary Report:** Minutes for April, May, and June submitted by Joe Kuhlenbeck, motion to approve by Jim Chapman and seconded by Tom Lupinski; none opposed.

**Treasurer's Report:** Financial Report submitted by Bill Latting, motion to approve by Tom Lupinski and seconded by Jim Chapman; none opposed.

**Education Committee Report:** We have discussed changing the name of the BREW to something more technical and not related to alcohol. We have guests in the past not be able to attend because of the name or themes on our registrations. We are looking to provide a 2-day training in November, one of the classes will be IRC Braces Wall Panels presented by APA. We will not be holding the event at Jumer's, like in previous years in an effort to reduce costs for the training. We will hold a meeting on Aug 6<sup>th</sup> to discuss options for the 2<sup>nd</sup> day of training. Please provide us with feedback if you would like us to provide training on a specific topic.

### **Business Meeting:**

- Introduction of members and guests.
- **Ray Nees –**
  - Both presenters cancelled last minute for us, sorry for the last minute change in agenda but we'll have to adjust.
    - One presenter was from the Great Escape for pool installation procedures. He and Ray had a discussion about how local inspectors communicated regularly and he was invited to discuss pool permitting.
    - Ray filled us in on his ongoing "pool in the front yard" story and where that situation is half way through the summer.
  - The year is flying by... It is already time to discuss preparation for the SteakFRY in September. If anyone besides those that have always helped in the past want to help please reach out and let us know, we'd be happy to involve you.
  - Executive board positions for ILLOWA are expiring at the end of this year. Secretary and Treasurer have maxed out their terms in those spots. We are looking to involve new

people to get a fresh look at some of the things we do. If you are at all interested, please reach out and let us know.

- **MEC**
  - Tamra discussed that AG-Exempt services will still need to be input into the RIP system in order to release service. They are working to add that option but in the meantime please make note of it in the comments section.
- **ICCA - Greg Thorpe**
  - No Update
- **QCBR –**
  - No Update
- **AGC – Steve Tondi**
  - No Update
- **ICC – Tim Schultz**
  - No Update
- **IABO – Bob Buck**
  - No Update
- **Fire Marshalls – Greg Marty**
  - No Update
- **Code Corner –**
  - Email from Greg Thorpe discussing the installation of steel columns in basements.
    - The discussion is about whether or not the threads need to be installed in the concrete. Some manufacturers require them to be installed to eliminate the possibilities of them being altered after installation. Other reasons could relate to the threads needing additional support for the loads imposed.
  - Bob Buck –
    - Is preparing a class about “What not to do, Is This a Violation?” a collection of photos and scenarios about how field installations can go wrong and what to look for.
    - We all see different things out there, if you have a funny or not-so-funny photo to share please send them to Bob Buck for use in this interactive class.

Move to adjourn by Bob Buck; second by Ann Martin; meeting adjourned at 13:04 hours.

Respectfully submitted:

Joe Kuhlenbeck- Secretary
